

Original Student Essay:

Unedited Version

INTERNET

Internet helps our in many matters. We always using it all days. To be honest, we can not without it .Internet is big revolution to our lives. However, It brought with it big problems even though it contributed a lot of us. In this article, I will explain this problems and its solutions.

It is important to mention that we do not ignore the problems that the internet creates for us. One of the biggest issues the way it us used by access to inappropriate content. There are many problems today. Such as war, theft, murder and thing like that. People share a lot of video, photo and etc. about these topics. Unfortunately, most of these is wrong or things that everyone should not see. For example, battlefield photos that children should not see are published. This even cause psychological problems. I can write many examples on this subject.

Although there are serious problems connected to the internet, they are not without solutions. One solution could be to parental controls. Until a certain age, children should use the internet in a controlled manner. Parents should make time for these check and should make the necessary adjustment. They can block certain locations. Another solution that the government can make agreement with social media owners to prevent the spread of fake news. They can expand their transportation network and provide information faster.

In conclusion, internet can be harmful in bad hands. That is why we must be very careful during use, everyone must do what they need to do.

Corrected Version:

INTERNET

The Internet helps us in many matters. We use it every day. To be honest, we cannot do without it. The Internet is a big revolution in our lives. However, it has brought with it big problems even though it has contributed a lot to us. In this article, I will explain these problems and their solutions.

It is important to mention that we do not ignore the problems that the internet creates for us. One of the biggest issues is the way it is used to access inappropriate content. There are many problems today, such as war, theft, murder, and things like that. People share a lot of video, photo, and etc. about these topics. Unfortunately, most of these are wrong or things that everyone should not see. For example, battlefield photos that children should not see are published. This even causes psychological problems.
